

SOLANO COUNTY INTERCITY TAXI SCRIP PROGRAM PROPOSED FARE CHANGES

Why change the fare?

The Intercity Taxi Scrip Program is an **ADA Plus** service, meaning it goes above and beyond federally mandated requirements. This is great! However, the increasing program demands are greater than the resources available to fund it long-term.

What would a fare change accomplish?

1. Financially sustain the program
2. Increase available scrip by 25%
3. Provide capacity to add non-ambulatory service in the future

What's proposed?

A fare increase with both a standard fare and discounted fare for low-income residents.

Current Cost

\$15 for \$100 Scrip

Proposed Cost

\$40 for \$100 Scrip (standard)

\$20 for \$100 Scrip (low-income residents*)

*Based on Medi-Cal income threshold (138% below poverty level)

We need your input!
